1) Submitted. The special rule referred to by the Financial Secretary above is the grant of a sum of Rs 5/- for every 20 miles of road journey to the Representative Assembly members (vide list D of Appendix M. M&R) From the file-Reforms 29-22-1 herewith put up it will be seen that this special rule was adopted on the recommendation of a Committee. The reasons for recommending or adopting ~~this~~ such a rule has not been mentioned or discussed in the file.

rate for each mile of road journey may perhaps be adopted now and the rate may perhaps be 4 annas a mile. The R.A. Secretary may ~~perhaps~~ also be consulted in the first instance A.

3) Incidentally it may be noted that while the rates of travelling allowance of Govt. Servants have been revised ~~and~~ in accordance with the recommendations of the Retrenchment Committee (1931) and also the scales of pay have been and are being reduced as per the wishes contained in the minute of dissent of certain non Official members of the Committee, the rates of Travelling allowance of the non official members of L.C., R.A. and several other Committees (Appendix M. M.S.R) have not been reduced. It is for consideration whether this question need not be taken up. B.

In the Case of Legislative Council Members also, ~~the~~ road mileage has been reduced to 6 annas per mile and mileage is granted on the actual distance travelled. In the case of R.A. members, however, mileage has been fixed at the rate of 5 Rs for every 20 miles or fraction thereof travelled by the members, no mileage being allowed upto 10 miles.

8) On the present basis (Viz Rs 5 for every 20 miles) the total amount of mileage paid for every Session of the Assembly Comes to Rs 1700 nearly. In case mileage is allowed at the rate of 4 annas per mile, as suggested by the Financial Branch, the total amount of mileage payable for each Session comes to about Rs 1600. The proposed system (Viz 4 annas per mile) is therefore calculated to result in a saving of Rs 100 per Session or Rs 200 per annum, apart from the Uniformity in the system of payment of mileages in all cases, both Official & Non-Official. The proposed system appears to be more equitable in as much as all the members who have actually performed

10) Road mileage at 4 as per mile may be fixed for R.A members.

11) The daily allowance is also susceptible of decrease in the case of R.A & L.C members in view of the fact that the T.A rates for all officers in service have been generally raised.

12) The rates may be fixed as follows:—

R.A Rs 4/- per day & 4 as per mile.

L.C Rs 5/- per day & 4 as per mile.

The present scale for Railway journeys may remain.

17) The proposal to give 4 annas per mile as road mileage ~~in lieu of~~ instead of 5 Rs for every 20 miles or fraction thereof with no mileage for less than ~~10~~ 5 miles, as at present may I think be approved - It will bring about uniformity in the rates and a small saving of about Rs 200 p.a.

18) The rate of daily allowance may also be reduced from Rs 5 to Rs 4 if it is considered feasible and will not provoke much opposition from the Members.

19) I am not sure if the suggested reduction of rate in the case of the Legislative Council Members from 6 annas to 4 annas in the case of mileage and from Rs 7-8-0 to 5 Rs in the case of daily allowance may be regarded as politic and may not raise too much opposition from the Members of that body. This is for consideration.

2. Reduction in the rates of travelling allowance to non-official members of the Representative Assembly and the Legislative Council.

28) The note on the subject which was previously furnished to the Members was explained at length by the Chairman and it was agreed to by the Committee that in the case of the Assembly Members, to secure uniformity 4 annas per mile may be allowed as road mileage for the actual distance, with the proviso that no mileage would be admissible for places within a distance of 5 miles from the Railway station. The members were not in favour of reduction of mileage in the case of the Legislative Council Members or of daily allowance in the case of Members of both Bodies.

29) Incidentally, Mr.T.S. Ali Khan stated that the rates of travelling allowance of non-official Members of the Finance and Taxation Committee should be the same whether they were representatives of the Representative Assembly or of the Legislative Council instead of their getting the rates applicable to the particular bodies which they represented ~~represented~~ as at present and that there should be no differentiation in the rates of travelling allowance paid to different Members serving on the same committee and that all members of a particular committee should be given the same rate of travelling allowance.

30) The CHAIRMAN observed that that was a separate question which had to be examined separately and there might be difficulties in adopting it.

51 Reference Paras 14 to 17 and para 25 supra. For the opinion of the Finance and Taxation Committee kindly see para 28 supra. The Committee have agreed to the change in the mileage rate of Representative Assembly Members from Rs 5/- for every 20 miles to 4 annas a mile. A draft order amending the rule and a draft a.c. slip to MSR are put up for consideration.

52 In the case of other Committees mentioned in Appendix M MSR where the rate of mileage is 4 annas, the mileage is being paid even for shorter distances than 5 miles (e.g. between Rly station and public offices or T.Bs) as in the case of Govt. Officers. In the case of R.A. members there has been a restriction as regards payment of mileage for distances of less than 5 miles because ~~the~~ otherwise the ~~rate~~ amount of mileage ~~would~~ would be Rs 5/- for fraction of 20 miles distance. Now that it is proposed to reduce the rate to 4 annas a mile it

is but fair to allow it for distances of less than 5 miles from Ry station and it would be ~~anamalous~~ anomalous to have a proviso as prescribed by the Committee (Para 28)

16.4.35

1) Draft amendment to the rule, and draft A.C. Slip to the M.S.R. may kindly be approved. These are in accordance with the conclusions of the F & T. Committee (Para 28 Supra).

At present R.A. members are not entitled to any mileage for distances within 5 miles from any Ry Station. This is because, if it were allowed, according to the present rules they would get Rs 5 for such distance, which was considered unduly generous. But under the proposed rule, they get 4 annas a mile, instead of, as under the present rule, Rs 5 for every 20 miles or fraction thereof. It would therefore be fair to allow them mileage at 4 annas for distances shorter than 5 miles from Ry Stations. In this view the proviso in the proceedings of the F and T Committee (Para 28 Supra)
